Instructions to Transfer Music from Terra-SAN USB to Apple iTunes

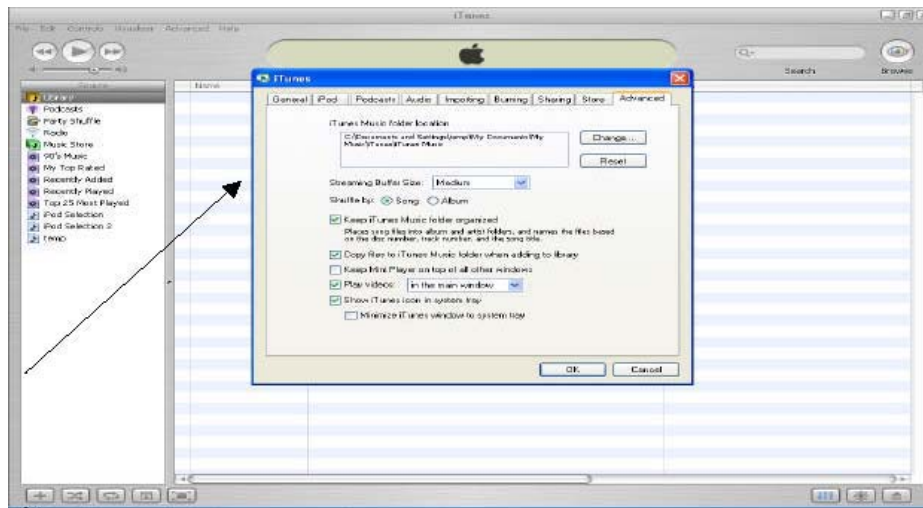

1. Ensure your computer's USB port is working properly.
2. Insert your Terra-SAN USB in your computer's USB port.
3. Double-Click on the "My Computer" icon on your computer's desktop.
4. Double-click on Terra-SAN Library icon to access your Terra-SAN digital music library.
5. Minimize the window in order to view the desktop, as shown below:

6. Download iTunes via the Internet at www.apple.com/itunes. Next, view both the "My Computer" folder and iTunes folder at once as seen below:

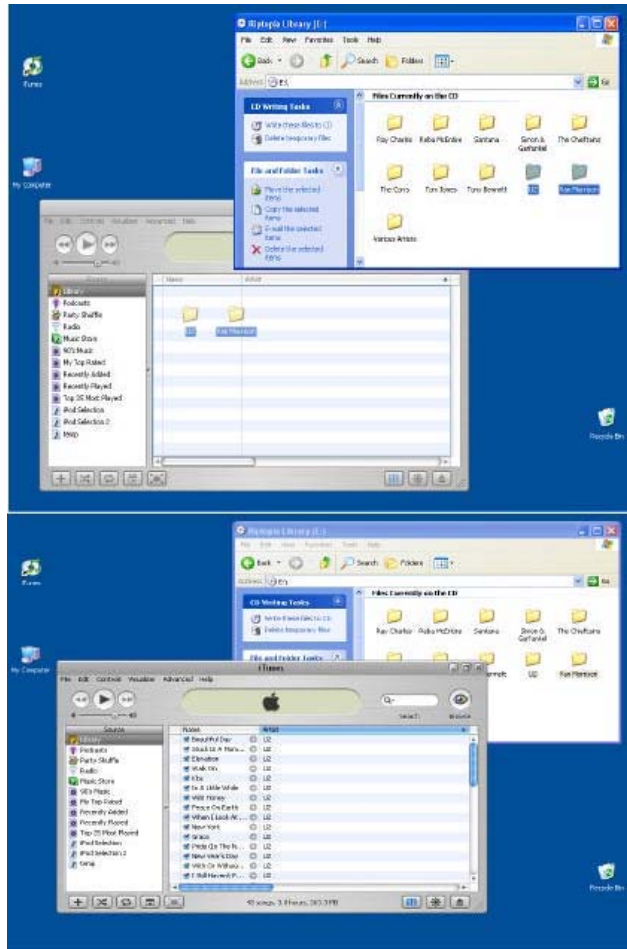

7. Once opened, click on the “Edit” tab and then the “Preferences” tab. Next, click on the “Advanced” tab and check the box next to “copy files to iTunes Music Folder when adding to library.” Click the “OK” tab.

“Copy files to iTunes Music folder when adding to library”

8. Minimize the iTunes window so that you can also view the “My Computer” folder and desktop.

9. Click the “Terra-SAN” tab (located in the “My Computer” folder) and drag into iTunes.

10. Your new Terra-SAN digital music library will now be accessible and organized by artist, album and song.

11. Welcome to Digital Music Bliss!
